FOREWORD

It can hardly be expected that this publication might offer a complete picture of Carver or tell a complete story of what has happened here; because we have no way of depicting the wonderful spirit which exists at this institution and in our hearts.

At its best, this volume can present only a few glimpses of this passing panorama . . . some of the personalities . . . some of the scholastic endeavors as well as some of the social activities.

Since some of these events and vicarious experiences will fade from our memory, let us slowly turn the pages of this picturesque record and reminisce. They also come back to us . . . the old friends, our favorite instructors, the scenes we once knew, and the dreams and memories of days gone by. It is with these in mind that we present the Tigonian of nineteen hundred and sixty-three.

DEDICATION

As we take retrospective view of our scholastic years there has been no moral, intellectual nor spiritual force stronger than the parents and teachers. Their infinite wisdom, patience and love has been our beacon to confront the challenges of today and assume responsibilities of tomorrow. The continuum that binds parents and teachers in unique fraternity has been a source of inspiration for every student.

It is with deep respect and honor that the class of 1963 dedicates this Tigonian to the parents and teachers of Carver High School.

History of Carver High School

Carver Junior High School, designed to develop into the second senior high school of Muscogee County, was opened in the fall of 1954. The school was erected to meet the needs of Carver Heights, Wynnton, and other outlying communities.

The physical plant, modern in every respect and housing during its first year seventh and eighth grade pupils, was designed for future expansion. Plans for growth include the building of an auditorium and the erection of additional classrooms. In 1961 twenty-four classrooms were added, making a total of forty classrooms, a gymnasium, cafeteria, library, and administrative offices.

With Mr. S. P. Charleston serving as principal and a staff of fourteen teachers, a secretary, and a student body of three hundred seventy-nine pupils, Carver Junior High School opened for its first session on September 6, 1954.

The first faculty consisted of the following teachers: Mrs. Sadie B. Alexander, Mrs. Marian P. Armstrong, Mrs. Helen L. Burnett, Mrs. Anna M. Debro, Mr. Booker T. Fowlkes, Mrs. Theresa S. Harris, Mrs. Evelyn M. Jenkins, Mrs. Janet R. Johnson, Mr. John T. Little, Miss Elmira A. Parker, Miss Fannie L. Phillips, Mrs. Rosa S. Stanback, Mrs. Pongee B. Threatt, Miss Marguerite M. Watt, and secretary, Miss Dorothy L. Williams.

Each teacher, holding a college degree, insured the type of program that would meet the needs of each pupil. Other integral portions of the personnel of the school were the cafeteria and janitorial staffs.

As aids toward attaining the goals set up, the school adopted a philosophy and a set of objectives. The curriculum was designed to meet the needs of each student; in addition, a variety of organizations contributed to the growth of each student. In an effort to create a closer relationship between the home and the school, a Parent-Teacher Association was organized.

Since the school was designed to become a high school, the ninth grade was added in 1955, the tenth grade in 1960, the eleventh grade in 1961, and the twelfth grade in 1962.

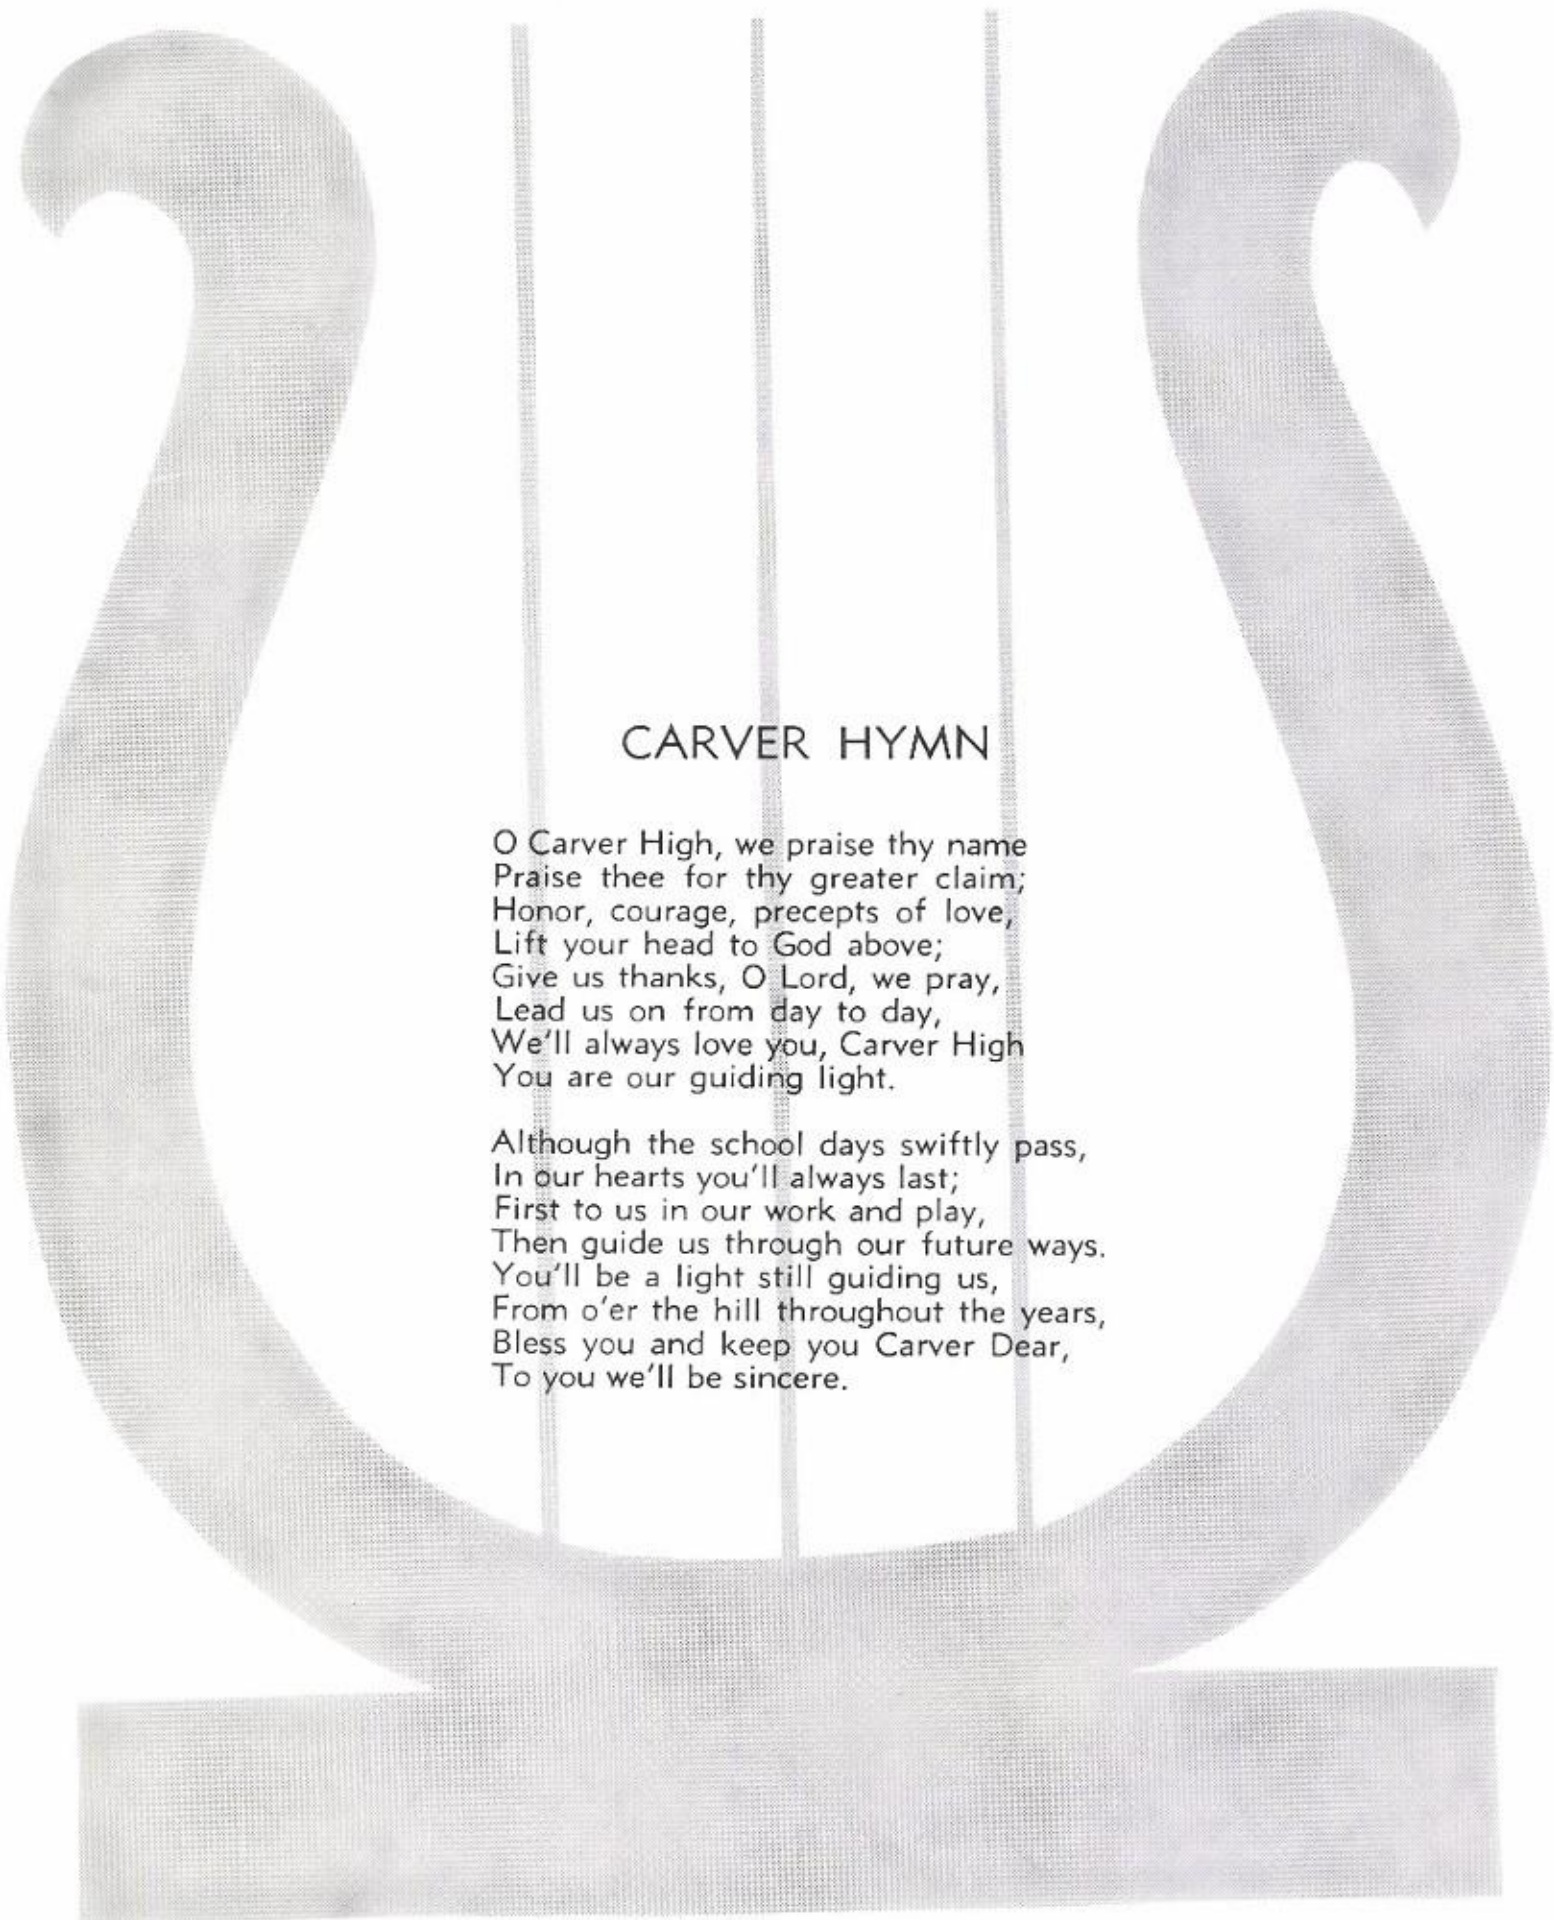

From its birth, the school was accredited by the Georgia Accrediting Association each year; and in 1962 when the twelfth grade was added, the school became accredited by the Southern Association of Secondary Schools and Colleges; thus enabling its graduates to enroll in leading colleges and universities without being subjected to a high-school validation examination.

The year 1963 not only marks our first graduating class but also the first year of our participation in the Georgia Interscholastic Association. In the GIA, as well as in county and regional activities, the school has received many awards and citations in the areas of Athletics and Fine Arts. Carver High School has also become renowned for its academic programs.

Carver is not only proud of its first graduating class, it is equally proud of the students who were eighth grade pupils when Carver first opened its doors in 1954 and who are now seniors in colleges throughout the United States. These students include: William Griffin, Pearline Cox, Barbara Hall, Vivian Solomon, George Adams, Willie Buckner, Freddy Jones, and Hattie Watson.

Carver High School's present faculty of fifty-two teachers and student body of one thousand three hundred forty-nine students realize that many possibilities lie ahead as the program expands to meet the needs of its pupils, the community, and the world.

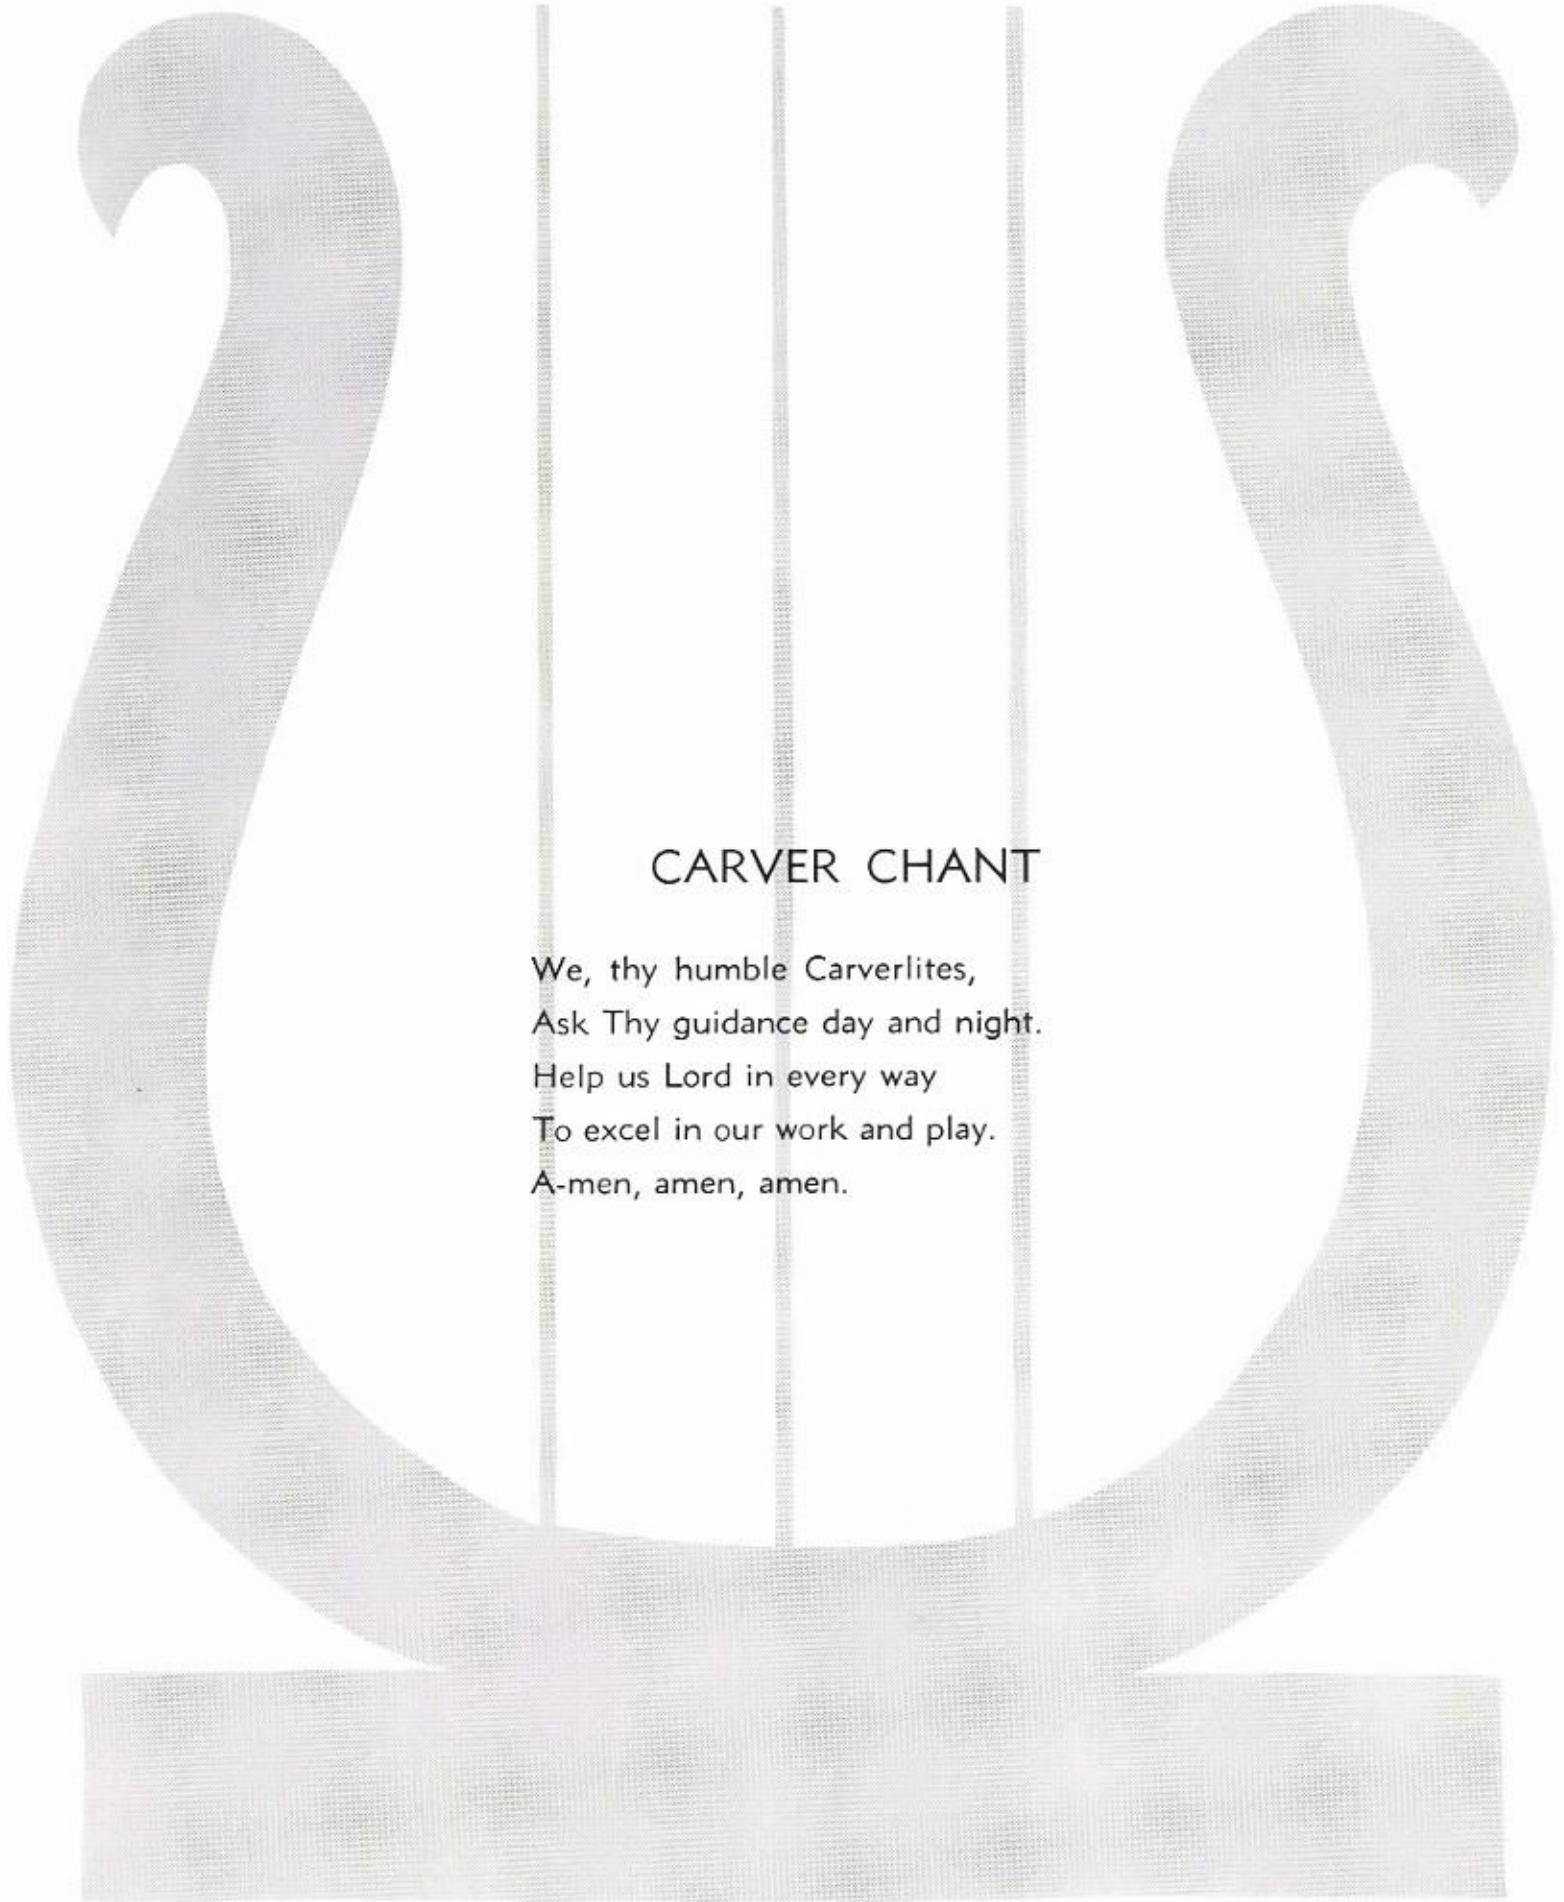

Wilma Janet Griffin

CARVER HYMN

O Carver High, we praise thy name
Praise thee for thy greater claim;
Honor, courage, precepts of love,
Lift your head to God above;
Give us thanks, O Lord, we pray,
Lead us on from day to day,
We'll always love you, Carver High
You are our guiding light.

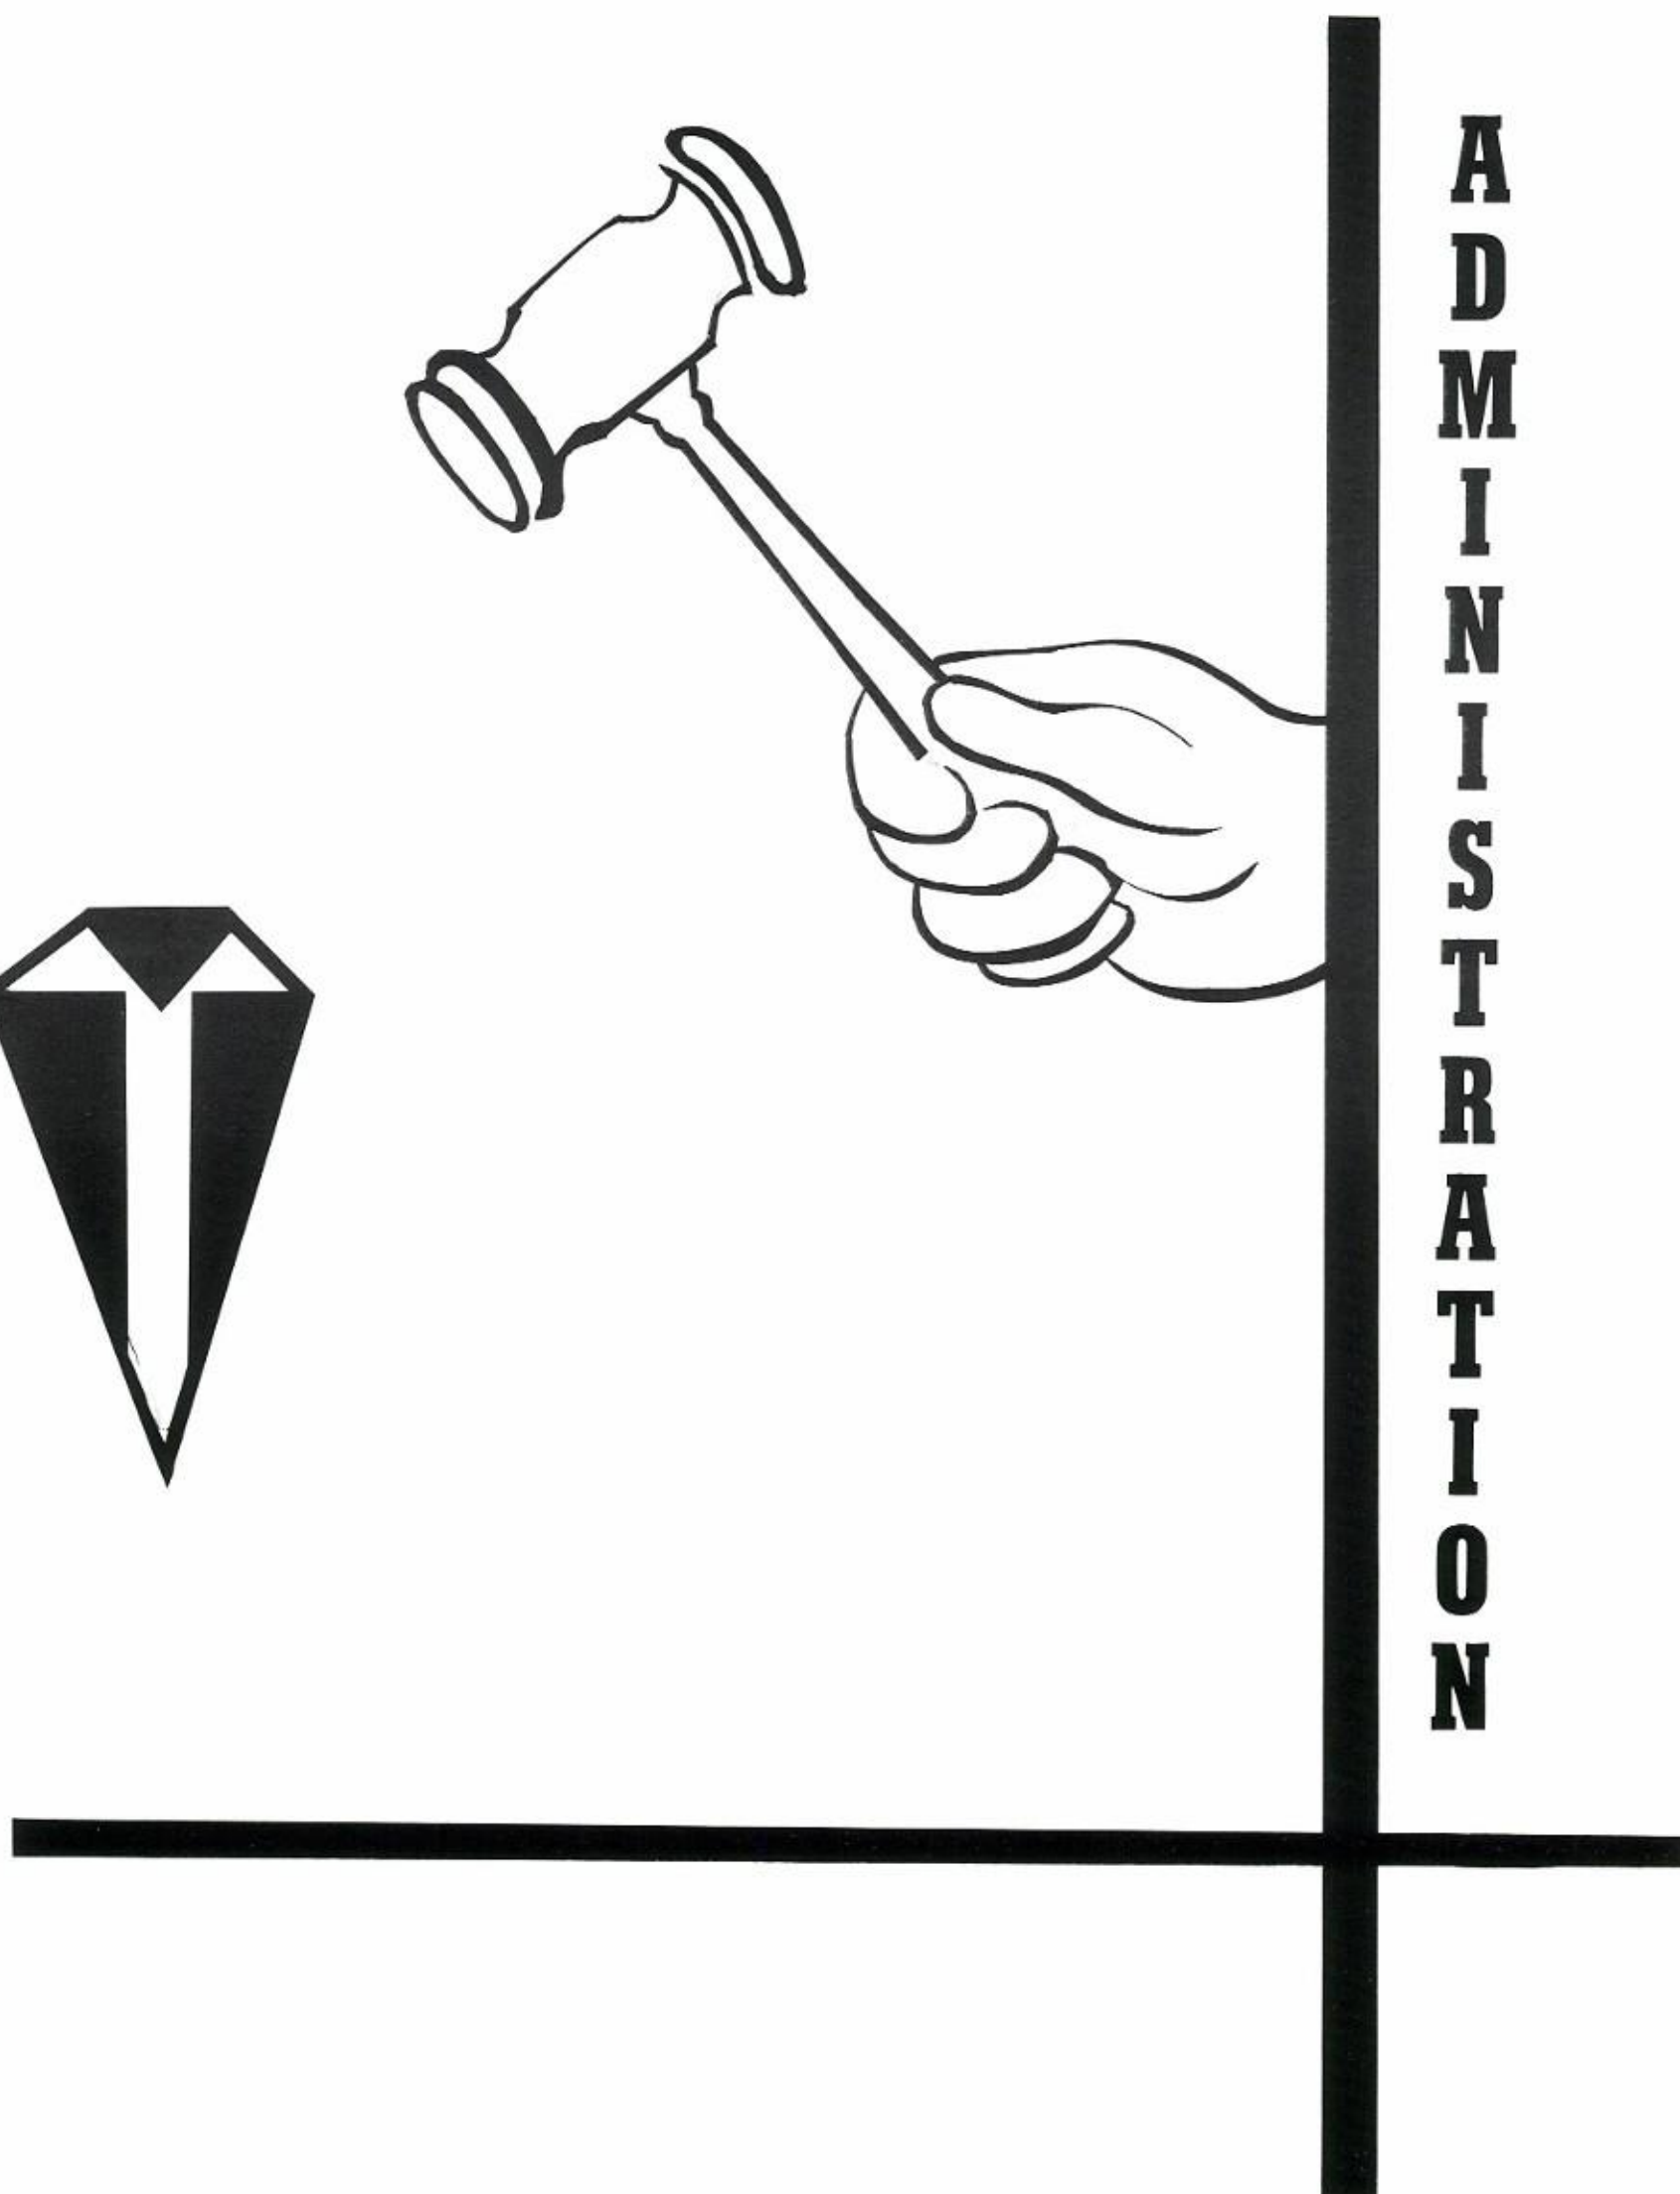

Although the school days swiftly pass,
In our hearts you'll always last;
First to us in our work and play,
Then guide us through our future ways.
You'll be a light still guiding us,
From o'er the hill throughout the years,
Bless you and keep you Carver Dear,
To you we'll be sincere.

CARVER CHANT

We, thy humble Carverlites,
Ask Thy guidance day and night.
Help us Lord in every way
To excel in our work and play.
A-men, amen, amen.

THE PRINCIPAL'S MESSAGE

May, 1963

It is with genuine pride and pleasure that we present to our many friends the Tigonian, the 1963 Annual published by the students of the Carver High School.

The Tigonian is a record of activities of our school and represents experience in journalism, advertising, salesmanship, finance and business. Without such experiences the production of this annual would not have been possible.

Imbedded between the covers of this our first annual are immeasurable episodes we hope will interest, inspire and acquaint you with the program of our school.

I want to commend our Seniors and the student body for undertaking such a worthwhile and challenging task. Special citation and recognition must be given to members of the annual staff and advisors for completing this project while carrying on their regular academic program.

The transition of Carver from a junior high in 1954 with an enrollment of 379 students and 15 teachers to 1345 students and 54 teachers in 1963 has been interesting and unusually outstanding. This period has been vitally important to our students and especially our seniors who have been preparing themselves for responsibilities they must assume in the years ahead.

Many individuals, groups and organizations have been most helpful to us in making this phenomenal stride. We point with pride to the close relationship between the homes, the churches, and our school.

Our Parent Teacher Association has been continuously at our side for nine years, assisting us financially and morally.

We are grateful to the Superintendent of Education, his staff, the Board of Education and many community agencies for taking care of many of our needs.

The class of 1963 has the distinction of being the first to graduate from Carver. Since you are the first, you will have the distinct honor of being the first to make a name for yourself and your school.

It is our hope that you will not only attain high standards of achievement for yourself, but will set higher standards of performance for those who come after you. In this way you will bring praise and recognition to your school. Many of you have made worthwhile contributions while here. It is my hope that these contributions will serve as a challenge to you to ever hold high the standards of Dear Old Carver and help it to become a stronger and better institution.

Since this is our first annual, we trust it will reflect the love, the hope, the aspiration, inspiration and devotion of our parents, students, teachers, and friends.

As the members of the class of 1963 prepare to take leave, it is our hope that you will look back on years spent at Carver with a sense of dignity, pleasure and profit. We therefore congratulate you upon the completion of your work and wish for you success in your future endeavors.

STUDENT COUNCIL

The "Voice of the Student Body" is heard at Student Council meetings. Membership is composed of two representatives elected from each homeroom. By employing this method each division room has a voice in its activities.

The purpose of the Student Council is to promote school spirit, to foster good sportsmanship, to establish traditions of honor, to bring about a closer relationship between students and teachers and to promote the welfare of the students.

ELIZABETH CANTY CHAPTER NATIONAL HONOR SOCIETY

First row, Left to right: Mrs. C. Shores, Samuel Harvey, Wilma Griffin, Clevie Gladney, Ernestine Psalmonds, Miss Alice Bass, Mrs. R. Lewis. Top, Willie Harris.

Charter Members

HONOR SOCIETY

Purpose

The Elizabeth Cauty Chapter of The National Honor Society was organized in order to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership, and to encourage the development of character in students of Carver High School.

NURSES OF TOMORROW

The Carver High Nurses of Tomorrow Club is an organization composed of students who have an interest in nursing as a career.

Throughout the academic year the NOTS render first aid in the school clinic.

RED CROSS

The Red Cross of Carver, working in conjunction with the Local and the National Red Cross Chapters was instrumental in enrolling all homerooms as members of the organization.

The Red Cross consists of representatives selected by popular vote from each homeroom.

N H A OFFICERS

HALL GUARDS

Hall Guards have great responsibilities. Improving corridor order, closing doors in unoccupied rooms, preventing loitering in the halls, and sending students without passes back to class are but a few of the many responsibilities assumed by them.

They also welcome visitors with proper passes and escort them to their destinations.

FIREFIGHTERS

Junior Firefighters are always on guard for fire signals. They must make a thorough check of all buildings and be on the alert for the fire alarm.

Slag Virginia Smith
Wins 1963 State Slag Book Scholarship

CLAUDE PURCELL
STATE SUPERINTENDENT
OF SCHOOLS

M. D. COLLINS
STATE SUPERINTENDENT
OF SCHOOLS EMERITUS

State Department of Education
STATE OFFICE BUILDING
Atlanta 3, Georgia

March 26, 1963

To Whom it May Concern:

This is to certify that Slag Virginia Smith was selected by the 1963 State Slag Book Scholarship Committee to receive the 1963-64 Book Scholarship. Slag Smith is indeed deserving of this honor. She has not only served efficiently and with dignity for one year as State president of the Slag Organization, but also has she rendered for a number of years (during her elementary and high school days) invaluable and praiseworthy service to her local and regional Slag organization. The Slags of Georgia, both students and librarians will long remember Slag Smith for her affable and amiable personality, her persuasive and thrilling ability as an orator, the smoothness and dignity as she presided at the meetings and a number of desirable characteristics and qualities much to be emulated by those Slags who follow.

It is with a great deal of pride and admiration that we award this Book Scholarship to her. We wish for her continued success as she drinks deeper, for as Alexander Pope has said,

"A little learning is a dangerous thing,
Drink deep, or taste not the
Pierian spring:
There shallows draughts intoxicate
the brain,
And drinking largely sobers us again.

Sincerely,

(Miss) Margaret L. Walker
State Library Consultant

SCIENCE CLUB

OFFICERS

President	Gloria Darden
Vice-President	Clevie Gladney
Secretary	Andrea Pope
Asst. Secretary	Walker Leonard
Treasurer	Helen Gist
Reporters	Ethel Grady William J. Crawford

PROJECTS

Annual science projects include the following:

1. To attend state Science Fairs
2. To have open seminars
3. To initiate Carver Day Exercises
4. To entertain P.T.A.
5. To conduct assembly programs
6. To have an open house affair

CARVER HIGH MATHEMATICS CLUB

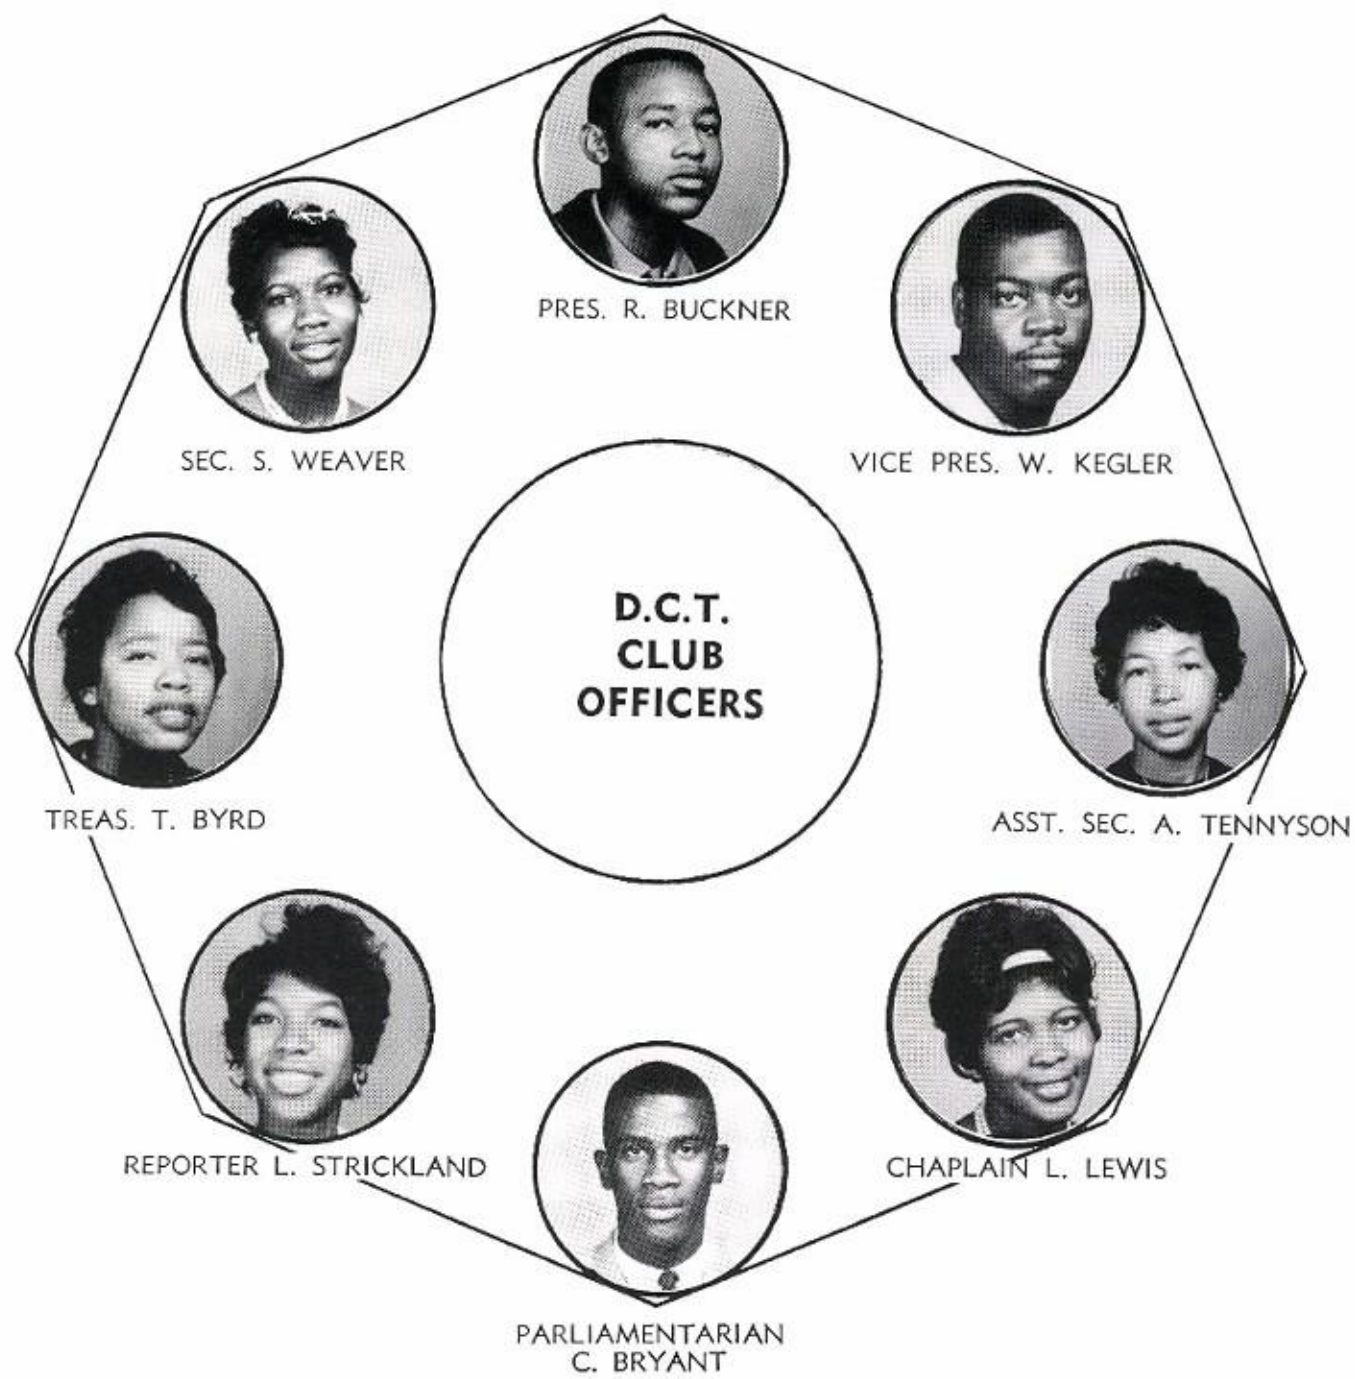

Members of the Carver High Mathematics Club, consisting of members of Mu Alpha Theta, pledges of the Mu Alpha Theta, and those aspiring to become Mu Alpha Theta.

This group of students, under the guidance of the Mathematics Department, annually sponsors several projects such as three one-act plays in January, a tri-state student Mathematics Workshop in April, an educational trip in May and others.

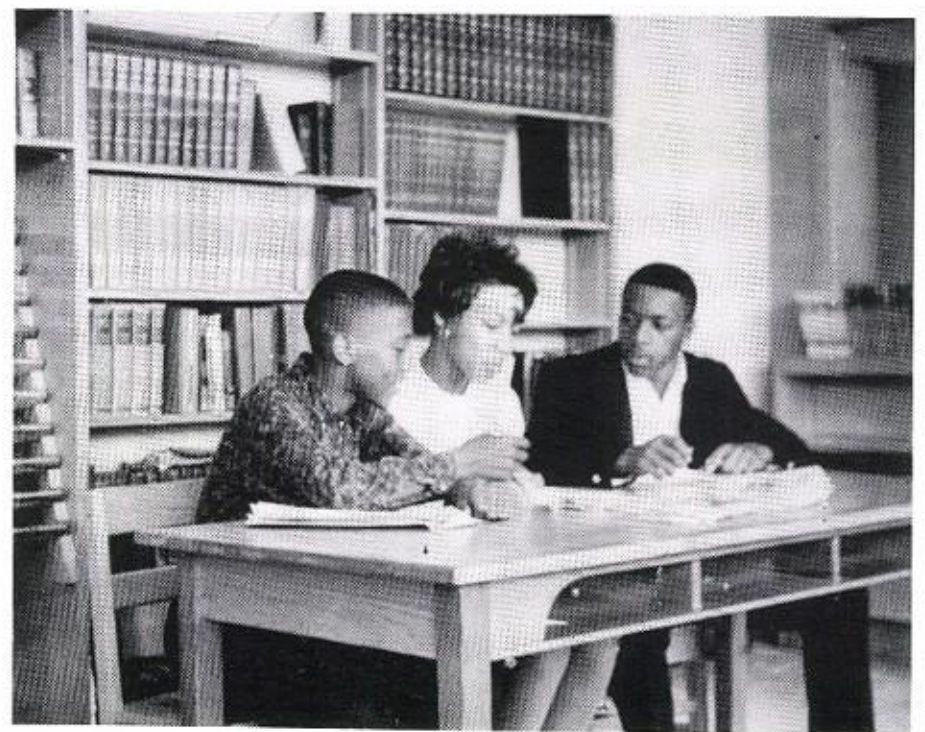

D.C.T. CLUB

The D.C.T. program is designed to provide an opportunity for students who are interested in a certain career to gain a minimum of one year of supervised work experience commensurate with their interests and abilities. It places the student in a realistic situation of working with people and meeting the needs of the community.

The members of the D.C.T. gather around the school corridor at Christmas time to wish everyone a Merry Christmas.

D.C.T. reporters: James Harris, Ladonia Strickland and Leroy Kelley put their heads together to work on the D.C.T. News.

THE SAFETY CLUB

1963 *Tigonian*

Green Lewis
EDITOR IN CHIEF

THE EDITOR SPEAKS

The 1963 Tigonian is the product of many countless hours. Since this is our first effort, we have attempted to produce an annual superior in all respects. The success of this book can only be measured through your interpretation of the ideas expressed herein.

These mementos are symbolic of the faith, love and spirit of the Carver family. We are hoping that all of the things presented here will inspire our students to further develop themselves physically, morally, intellectually, and materially.

The Tigonian Staff

LAY OUT GROUP

PLANNING THE TIGONIAN

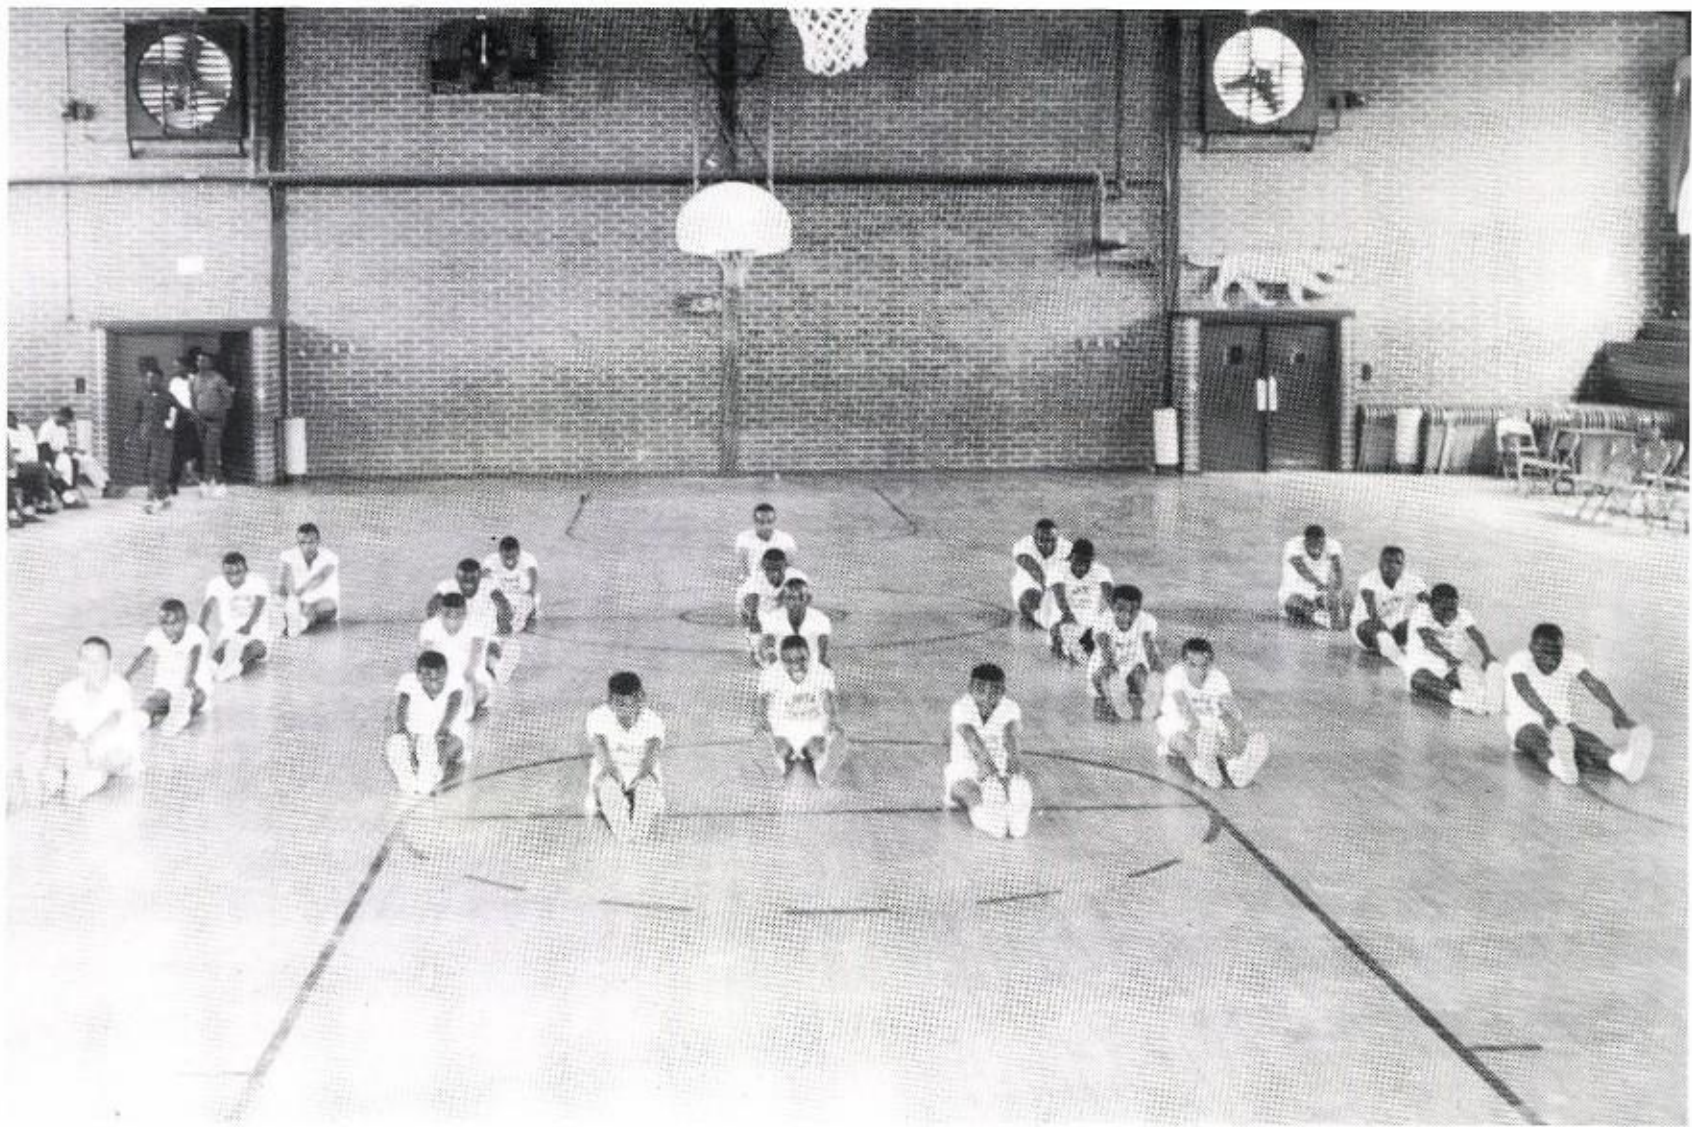

GIRL'S PHYSICAL EDUCATION CLASS

The Girl's Physical Education Department offers a wide variety of activities. Class periods are devoted to lectures and exercises in the gym or out door activities. "Head, Heart, Hand, and Field" are descriptive terms used when the Carverlites refer to this Department.

Building a Pyramid in Physical Education is designed to develop strength, flexibility, balance and co-ordination.

BOY'S PHYSICAL EDUCATION DEPARTMENT

The Boy's Physical Education Department, like the girls, offers training in healthy living, orderliness, and Physical Fitness. Boys are also trained in various competitive sports.

A CLASS IN ART

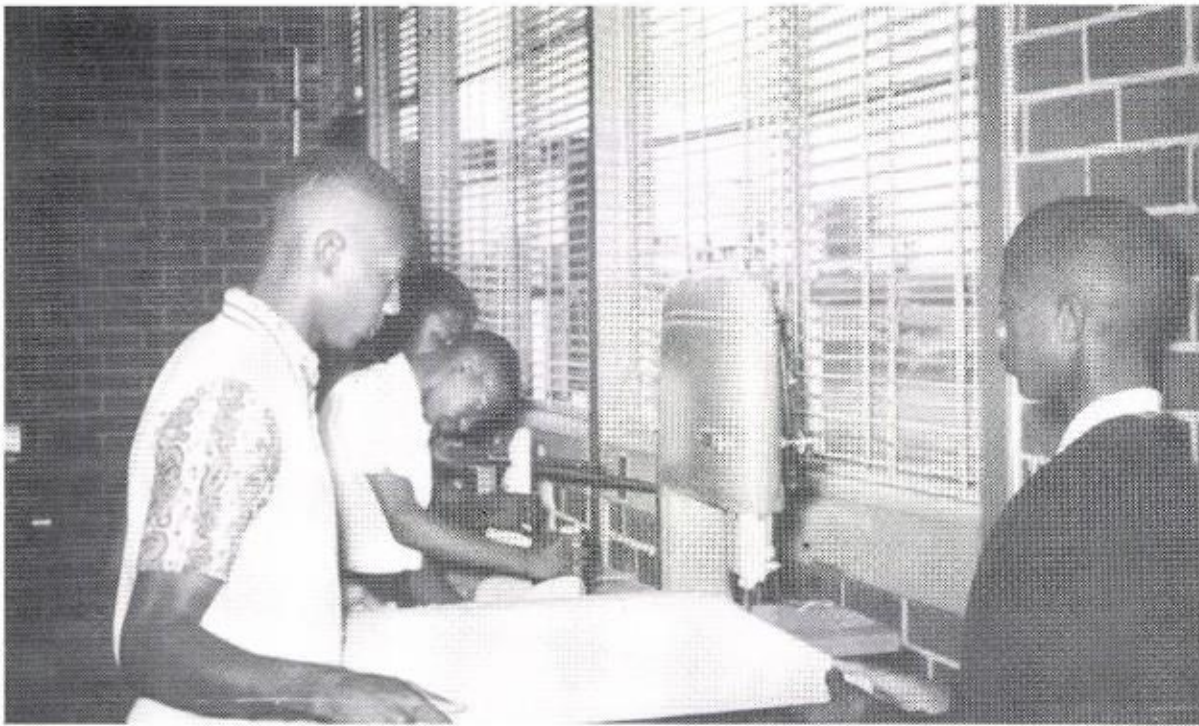

A course in art provides students with an opportunity to cultivate their creative ability. Students try their hands at many things during the semester.

DRAMATICS CLUB

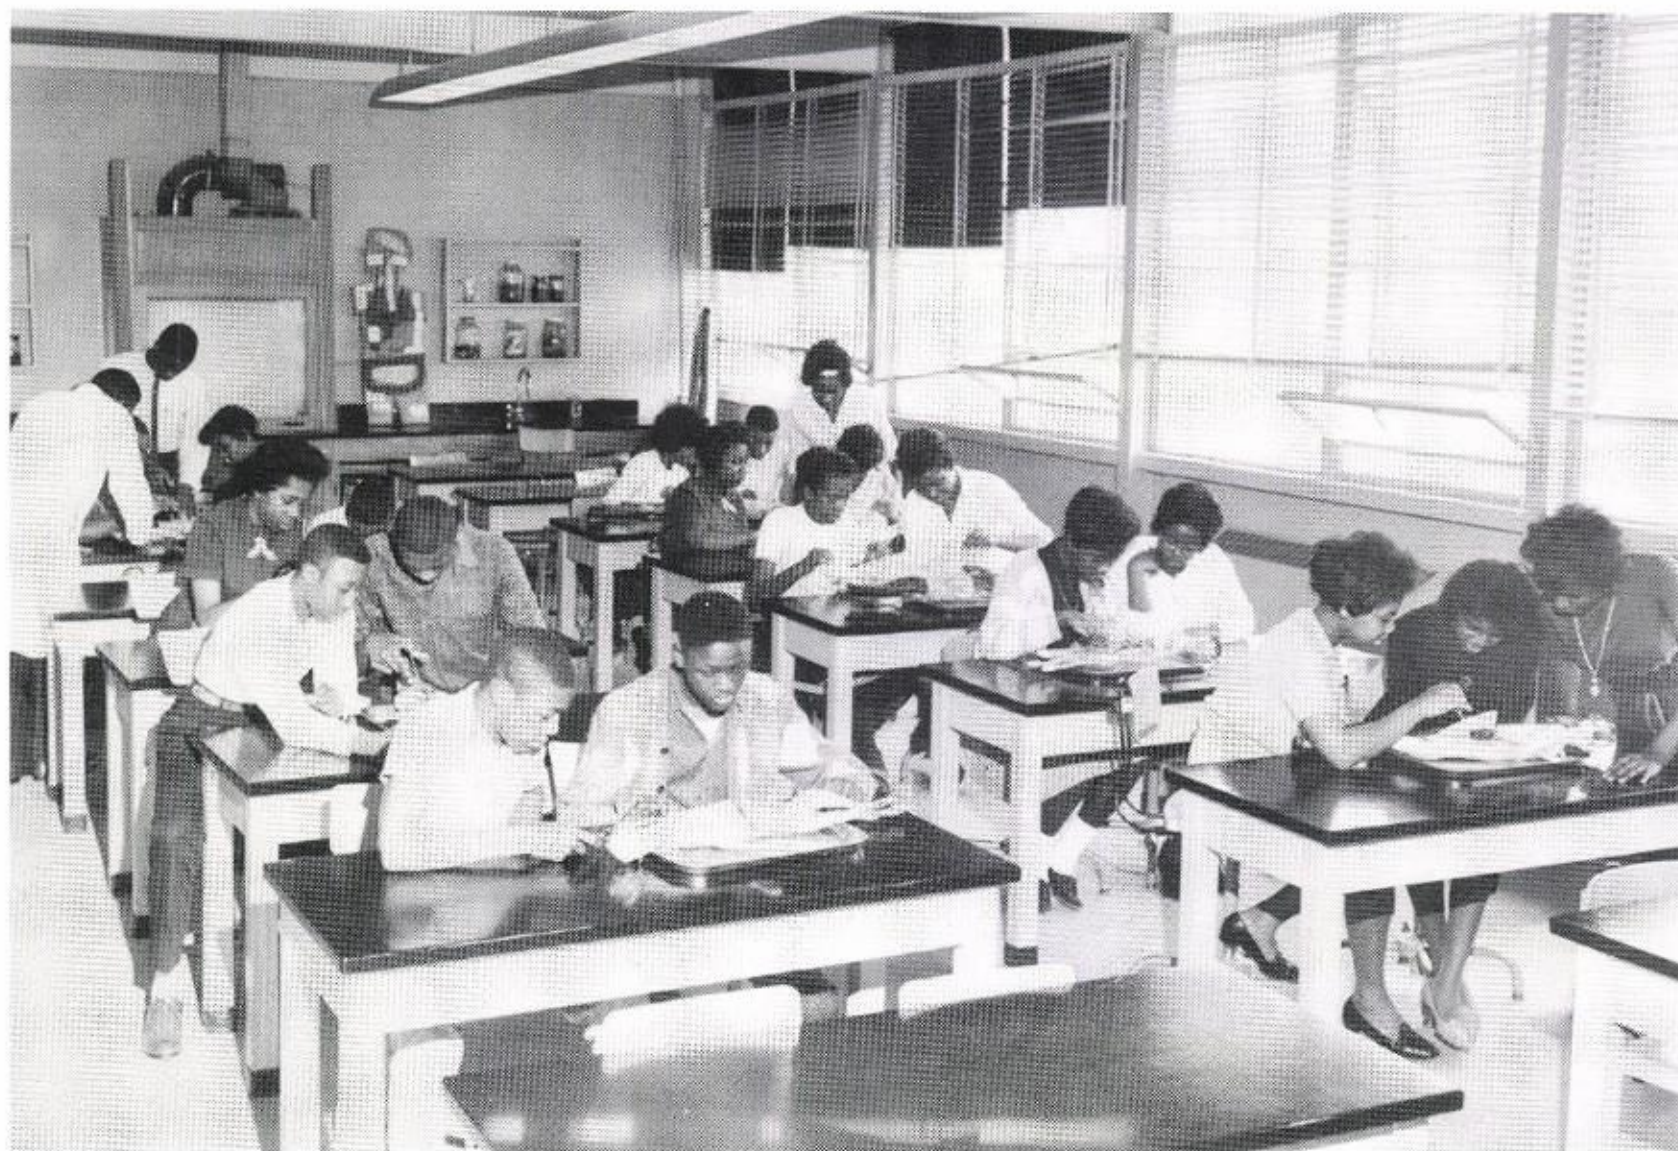

One of the strongest clubs at Carver is the Dramatics Club. This year, the club presented three outstanding one-act plays and one three act play. Each performance was a success.

INDUSTRIAL ARTS

BIOLOGY DEPARTMENT ADDS ADVANCED COURSE IN HUMAN PHYSIOLOGY

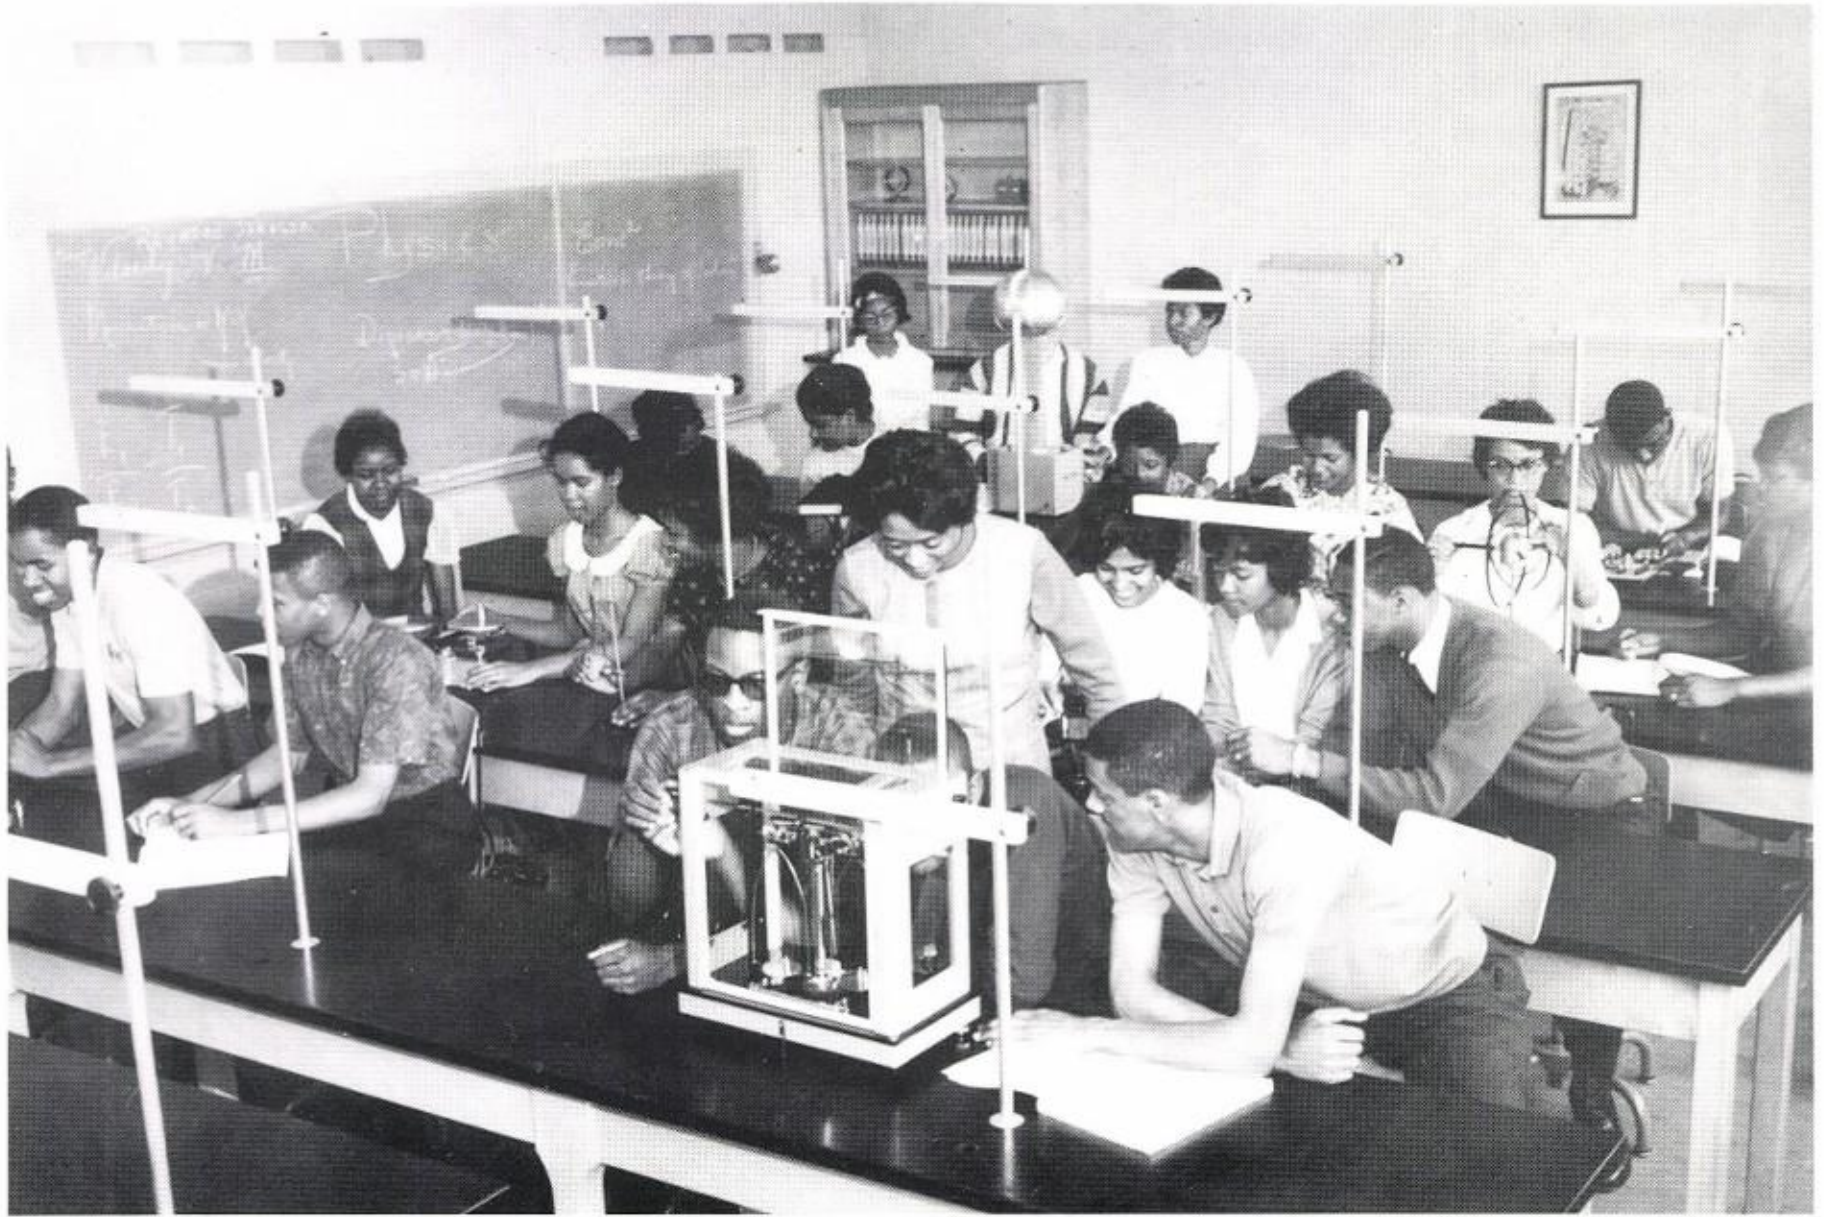

With the emphasis on science in our present-day world, the Science Department of Carver High School is expanding. An advanced class is now available to juniors and seniors.

Courses in chemistry and physics are open to upperclassmen who wish to explore the composition of matter or the distribution of energy.

New physics equipment is being added to the laboratories. When the new equipment is completed, Carver High School should have one of the best Science Departments in the System.

PHYSICS CLASS

Miss S. Hunter, Instructor

ENGLISH

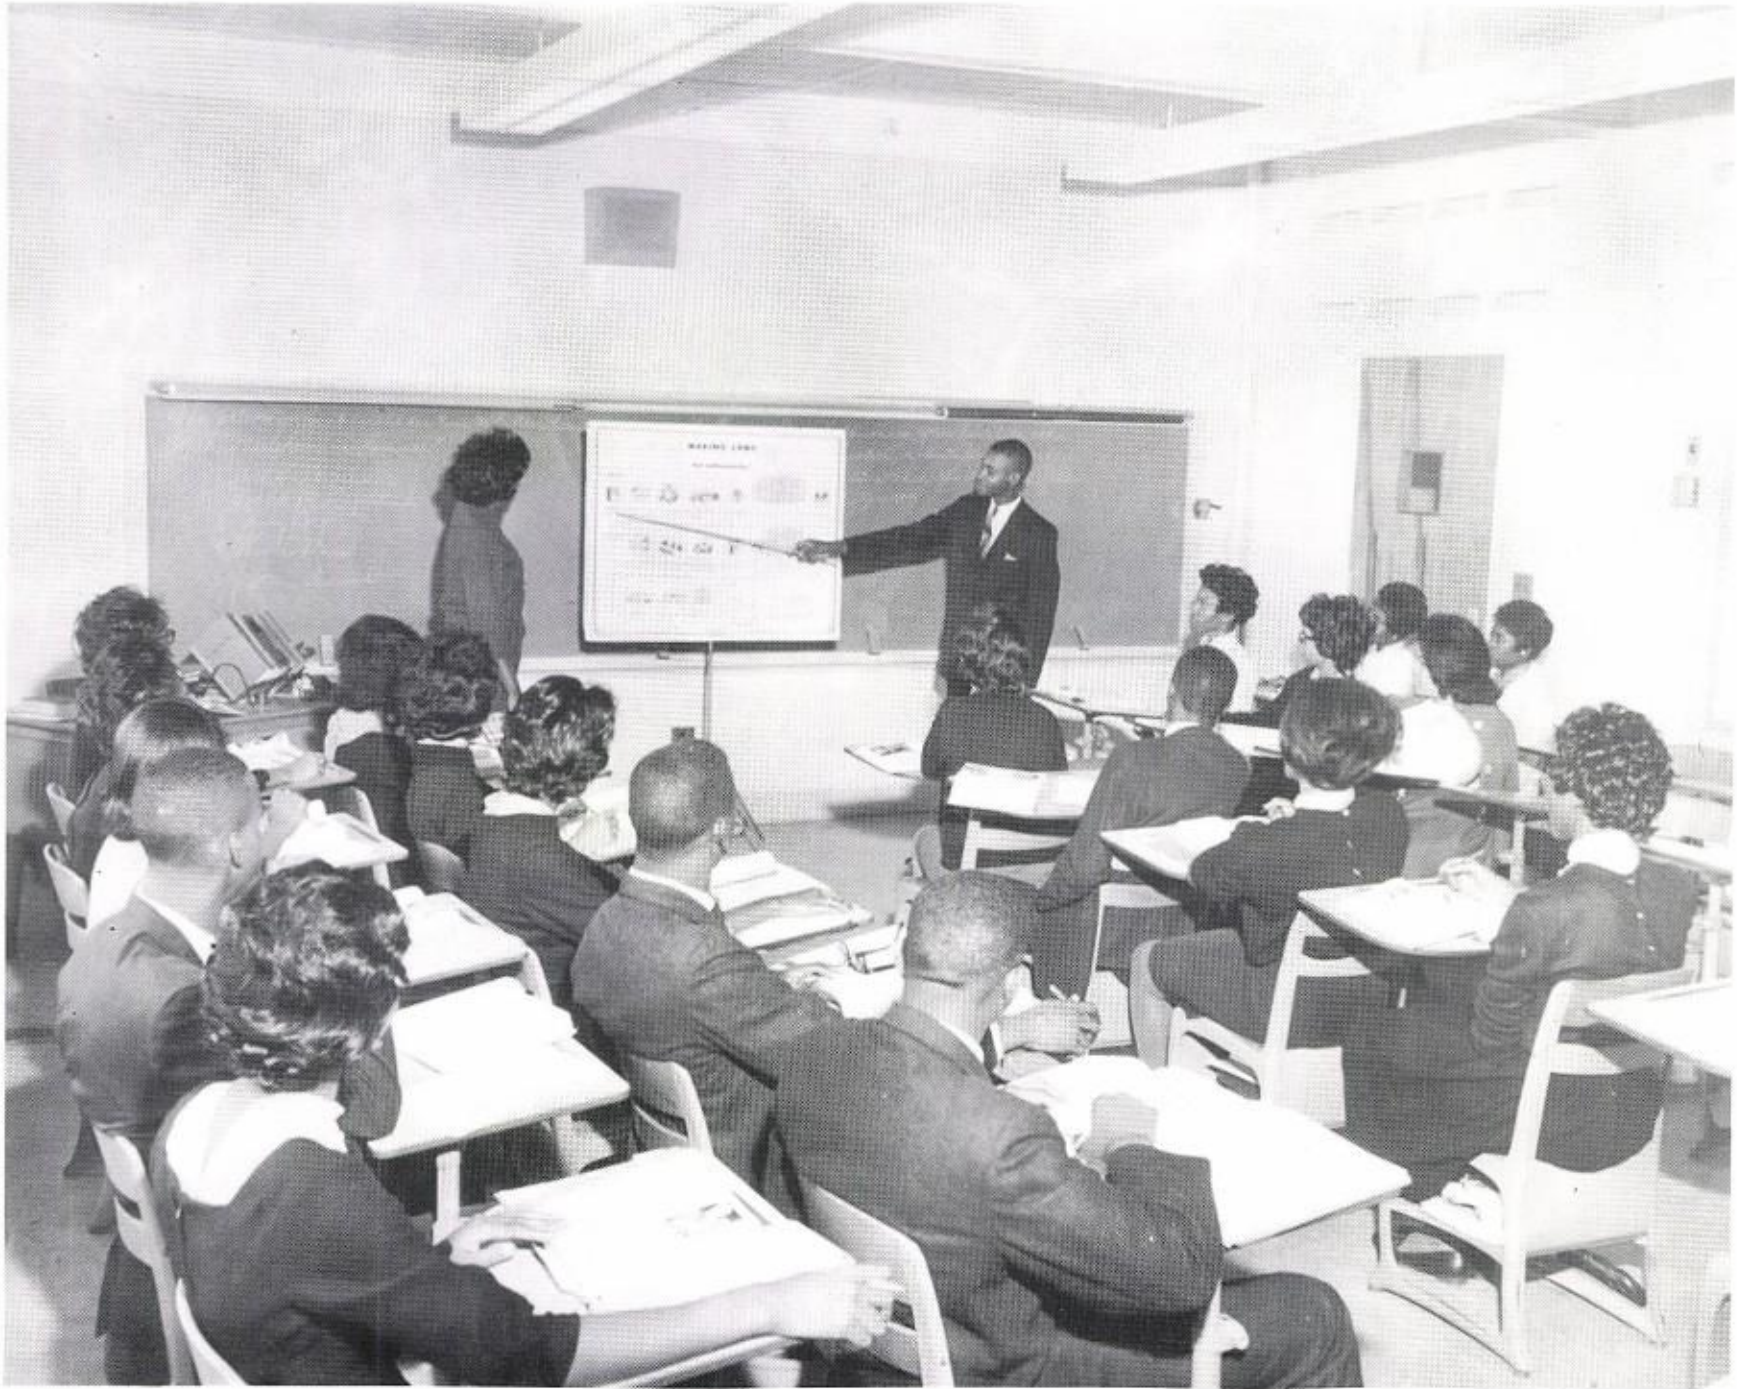

An extended program of teaching and an intensified effort "to meet the need and the ability of every individual" are key notes of the English program at Carver.

A level of understanding and performance suited to the widely divergent range of individuals who make up the student body is represented in the teaching of English. In addition to the standard courses, there are such enrichment of offerings as classes in Drama, Speech, and Creative Writing.

The pattern of reading and exploring ideas taught in the English Department will last through life. Proper knowledge of English and its uses are essential keys to the understanding of every subject in the school. It is with a recognition of this position of key importance that the English Department attempts to provide the best possible training for each student.

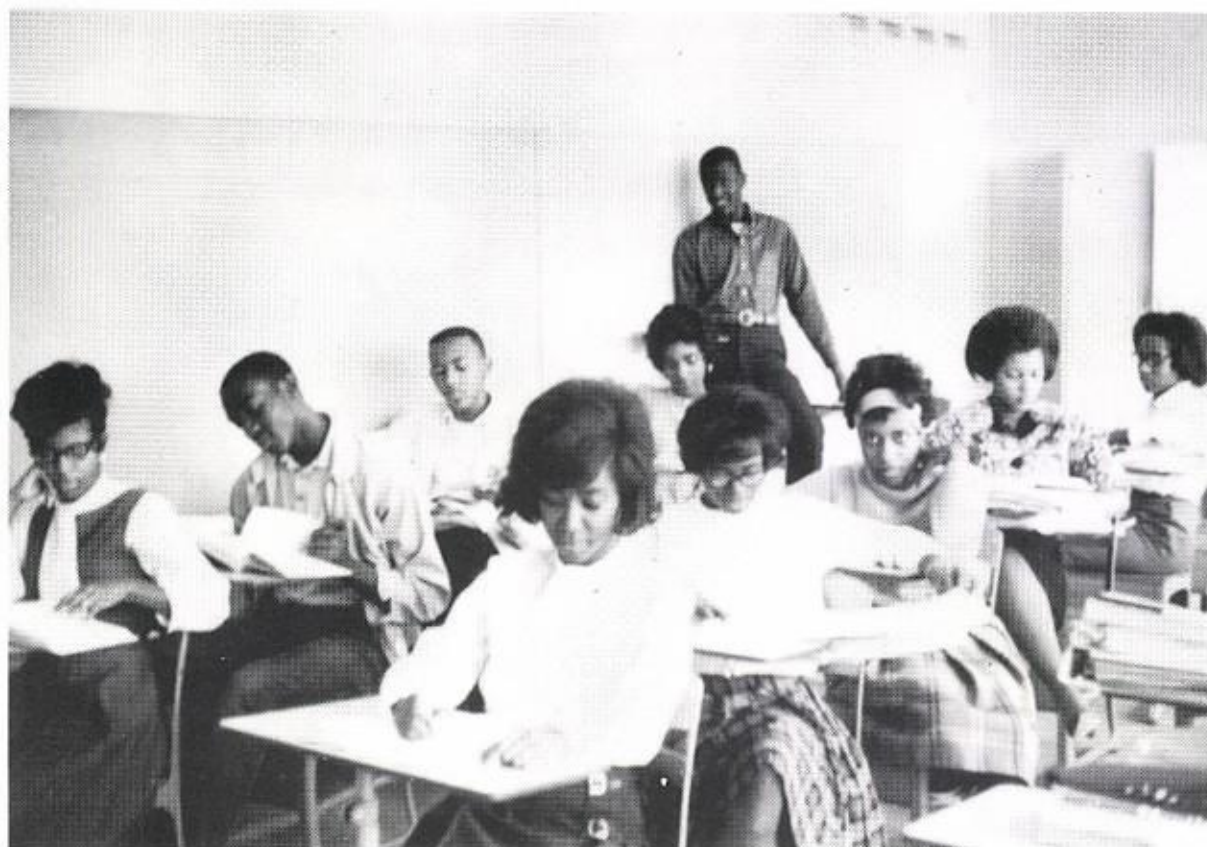

THE SOCIAL STUDIES DEPARTMENT

Senior students in government learn how a bill becomes a law.

It is through the social sciences that children and youth have opportunities to learn about the fundamental attitudes, beliefs, and institutions of our society and those which characterize life in other regions of our world. Young citizens need to know and understand the nature of our civilization and be encouraged to discover ways in which they can contribute to its further development. Therefore, the most inclusive aim of the Social Studies Department, as a part of general education at Carver High, is to help young people learn to carry on the free society that they have inherited, to make whatever changes modern conditions demand or creative imagination suggests that are consistent with its basic principles and values.

To accomplish this aim, courses in Civics, Georgia History, World History, Sociology, Psychology, United States History, Economics, Government and World Geography are offered.

A CLASS IN JOURNALISM

STUDY HOUR

ASSEMBLY

LEARNING FOR LIVING
HOME ECONOMICS DEPARTMENT AIM

LEARNING FOR LIVING

Home Economics Department's Aim

The Home Economics Department includes Foods, Clothing, and Home Management. Here, girls learn all the requisites of making a home comfortable and keeping a family happy. They design and make dresses, prepare menus, and cook the food. They prepare budgets and shop for bargains.

A CLASS IN ALGEBRA II

Students in Mr. Hendrix's Algebra II class find their work interesting and enjoyable in the newly equipped mathematics laboratory. The purpose of the course is to review and extend understanding and use of the number system of elementary algebra, formulas, equations, graphs, and numerical trigonometry.

A CLASS IN BUSINESS EDUCATION

BUSINESS EDUCATION DEPARTMENT

The business education department is the newest department organized at Carver High School. Presently it offers courses in typing, shorthand, and general business with several additional courses to be added for the ensuing year.

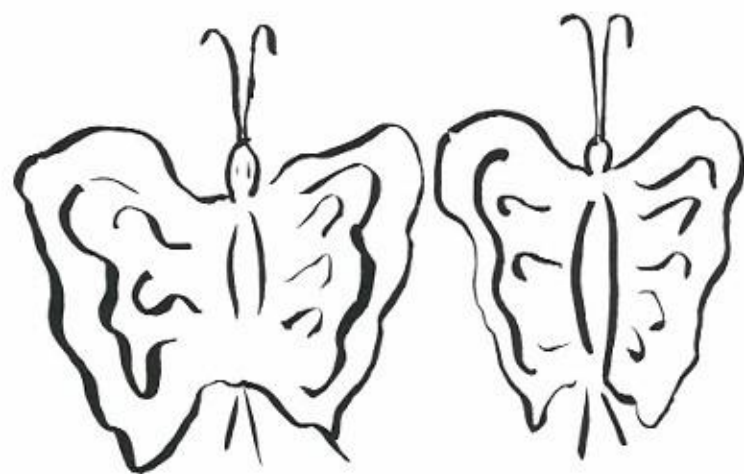

Business education is facing more challenges today than ever before. It has rightfully earned an important place in our total educational program through its vital contribution to both vocational and general education.

The members of the Business Education Department at Carver work with this in mind: We are small but we are one. We cannot do everything, but we can do something. What we can do, we ought to do, and what we ought to do, by the grace of God, we will do.

Seniors take advantage of The Library as they realize the value of an education

THE CONCERT BAND

Composed of forty one pieces

A letter of Commendation for the band

15 November 1962

Mr. William Munroe
Band Director
Carver High School
Columbus, Georgia

Dear Mr. Munroe:

On behalf of the officers and men of the Fort Benning Garrison, I wish to express our sincere appreciation to you and the members of your fine band for their splendid performance during the Half Time activities of the Fort Benning Doughboys - Daytona T-Birds football game.

Not only were the music and theme delightful but the precision with which the entire band executed its movements was hardly short of astonishing. Your unique and exacting presentation contributed immeasurably toward a highly colorful and exciting football game. We certainly look forward with pleasant anticipation toward witnessing future performances.

Please express our deep appreciation and hearty congratulations to your extremely talented group.

Sincerely,

JOHN H. LATTIN

Dear Mrs. Stanback:

We are happy to have you participate with us this year. Listed below are the names of your students who have been accepted to represent your school in the 1962-1963 edition of WHO'S WHO AMONG STUDENT LEADERS IN HIGH SCHOOLS OF AMERICA.

William Joseph Crawford
Helen Beatrice Gist
Clevie Esther Gladney
Wilma Janet Griffin
Gloria Jean Hammonds
Kathryn Louise Harris
Willie Lawrence Harris
William Curtis Obleton
Ernestine Psalmonds
Virginia Logan Smith
Jerry Sims

Your cooperation is needed to give proper recognition to these students. Enclosed is a suggestion for press release that you may use as it is or alter to meet your needs. We will send a free copy of our 1962-1963 publication to your school library if you will send us clippings of any publicity printed in either your school or community newspaper.

These students have already been notified of their selection, so you may feel free to release publicity immediately. Each student is to receive a certificate of recognition. We will mail them to you soon and they may be presented at your honor assembly.

We appreciate your help and cooperation.

Kindest personal regards,

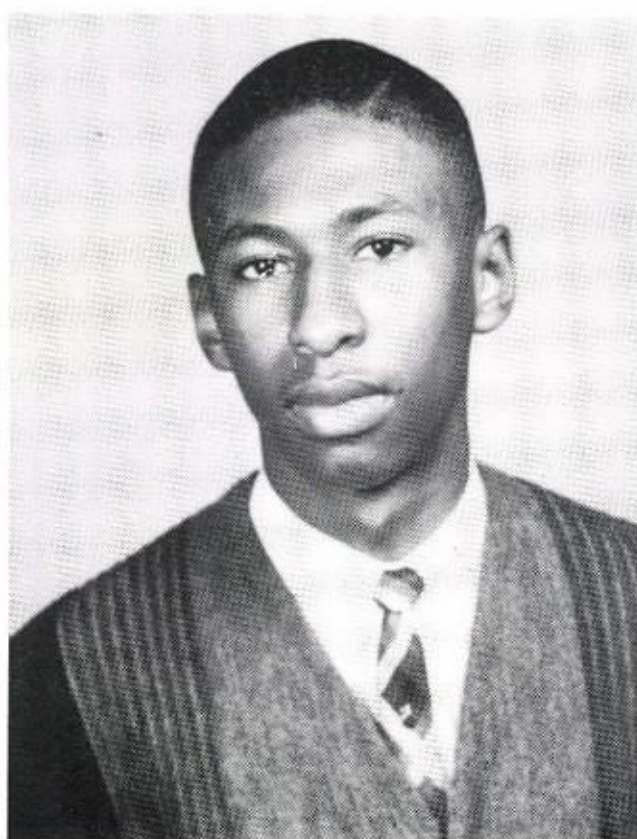

C. A. Millett
Executive Secretary

STUDENT LEADERS TODAY - AMERICA'S LEADERS TOMORROW

WILMA GRIFFIN

JERRY SIMS

EARNESTINE PSALMONDS

Three of our students had the opportunity to attend various Science Institutes on university and college campuses. These institutes were designed for high ability students interested in the sciences and mathematics.

Miss Wilma Griffin, a senior and an honor student attended the University of Buffalo, Buffalo, New York. She took courses in Computer Mathematics and research. The program was not only outlined for math alone but other activities were planned. These included banquets, picnics, movies, bowling and swimming dates, stage plays, sightseeing trips and tours of the city.

Jerry Sims attended Michigan State University. He studied biology and mathematics. His work in mathematics covered the concepts of Matrices and Matrix operation. In biology, his work covered genes and heredity. This work dealt with genes theories and traits between parents and offspring. Blood typing was also included. There were one-hundred participants from the following states: Michigan, Minnesota, Wisconsin, Pennsylvania, Ohio, California, Nebraska, New York, New Jersey, Tennessee, Indiana, Illinois, Mississippi and Georgia.

Miss Earnestine Psalmonds attended Morris Brown College in Atlanta, Georgia. Her courses of study were biology and mathematics. The research work that was done was centered around the topic "A Study of Embryonic Chick Tissues Grown in Vitros." In the math class, Set Theories were studied. She was exposed to all of the concepts governing the set theory.

Parent-Teachers Association — An Integral Part of the School Program

The PTA of Carver High School is an organization composed of parents and teachers who work diligently for the betterment of Carver High and the community. Parents and guardians may become members.

Many worthwhile programs, projects, and activities are sponsored by the PTA. Among these are The Founders Day Program, the Home-School Show, the Fall Festival, and Everybody's Birthmonth Party.

The money realized from PTA projects is used for child welfare and school improvement.
